

**Mitchell Road**  
CHRISTIAN ACADEMY

**Dear MRCA Families,**

I look forward to my third school year as MRCA's Development Director full of gratitude. During the first two years of our Eagles OneFund campaign, **we raised over \$400,000**, which allowed us to make significant investments in our people, our scholarships, our facilities, and our technology. The Eagles OneFund is our most important annual giving opportunity. It is essential for a strong foundation to meet our strategic goals every year, and our school would not exist without the faithful support of our community.

*"Investing in MRCA is not only investing in a school, but also in a family comprised of students, parents, and teachers. For students, they learn a biblical worldview that is modeled daily. For parents, it's a safe and nurturing place for their child. For teachers, it's a Christian environment where we can pray and speak the name of Jesus freely."*

- Susan Fry, MRCA K4 Teacher

Thank you so much for making this achievement possible through your support and generosity! We are excited to begin another successful school year.

Sincerely,

**Mark Martin**  
Director of Development
